Aprendizaje informal

Aprendizaje adquirido en el marco de actividades y experiencias diarias que no están organizadas o estructuradas en términos de objetivos, tiempo o apoyo al aprendizaje; puede ser no intencionado desde el punto de vista del aprendiente.

Aprendizaje no formal

Aprendizaje que tiene lugar a través de actividades de aprendizaje programadas para las que se proporciona algún tipo de apoyo, pero que no forma parte del sistema formal de educación y formación.

Aprendizaje entre iguales

Actividad de aprendizaje recíproco, beneficiosa para todas las partes y consistente en la puesta en común de conocimientos, ideas y experiencias entre los participantes.
